THE MUSICIANS

AMJAD ALI, who comes to Melbourne and Sydney on a fourth visit by popular demand, is the world's foremost player of the *Sarod*. He is universally admired for his unique hypnotic style, and for his virtuoso inventiveness. Amjad is an international celebrity whose sublime music regularly reverberates through concert halls of Europe and the US. He is accompanied by his sons Amaan and Ayaan.

This time a *jugalbhandi* (duet) between the father and sons will be an added excitement. Amaan & Ayaan are eminent musicians in their own right, performing solo in India and abroad.

"It was like watching an Indian classical answer to Eric Clapton . . . it was easy to see why great Indian music can be as exciting as classic blues and rock." - The Guardian, London
